Dear Mr. Hungerford:

Enclosed is a copy of Atlantic Richfield's PSD permit application to install process equipment in the form of natural gas driven turbines and various support equipment at the Prudhoe Bay Oil Field, Prudhoe Bay, Alaska.

Surveillance and Analysis Division (SAD) is presently reviewing the application for completeness. Once an application is determined complete, SAD will generate the technical evaluation which provides the foundation for the preliminary determination. In accordance with our discussions concerning New Source Review, we will supply a copy of the technical evaluation before the preliminary determination is issued. Your comments at this point or at any time in the PSD permitting process, are welcome.

Sincerely,

Michael M. Johnston  
Acting Chief, Air Compliance Evaluation Section
